

# PUBLIC NOTICE

**PERMIT APPLICATION:** NRS #06.152

**APPLICANT:** State of Tennessee  
Department of Transportation  
Environmental Planning and Permits Division  
Suite 900, J. K. Polk Bldg.  
505 Deaderick Street  
Nashville, TN 37243-0334  
615-253-2441

**LOCATION:** TDOT #79960-1658-04, Rivergate Road, Wetlands  
**Shelby County**

**WATERSHED DESCRIPTION:** The unnamed tributary to Nonconnah Creek watershed consists of a series of small streams and depressional wetlands. Land use is predominantly commercial. The wetlands to be filled would be mitigated locally by converting, at a 6:1 ratio, 0.684 acre of historic channel north of Nonconnah Creek to bottom land hardwood wetlands. The existing vegetation along the wetland is mixed hardwood trees. **Lat: 35.0737 Long: -90.0693**

**PROJECT DESCRIPTION:** The applicant proposes to fill 0.114 acre of wetlands to extend an access road by 0.455 miles for Canadian National Railroad. This project also requires the extension of an existing 176 ft. 72-inch concrete pipe by 15 ft. plus 15 ft. of riprap. Standard erosion control devices would be used to prevent sediment from entering flowing water. Upon completion of the work, all disturbed areas would be stabilized and planted with native grasses.

**PERMIT COORDINATOR:** **Brian Canada**, STATE OF TENNESSEE, Department of Environment and Conservation Division of Water Pollution Control, 7<sup>th</sup> Floor, L&C Annex, 401 Church Street, Nashville, Tennessee 37243-1534

**USGS TOPOGRAPHIC QUADRANGLE:** **Southwest Memphis, TN (404-SE)**

**TO WHOM IT MAY CONCERN:** The application described above has been submitted for an Aquatic Resource Alteration Permit pursuant to *The Tennessee Water Quality Control Act of 1977*, T.C.A. §69-3-108.

The purpose of this notice is to advise all concerned of the proposal for which a permit is sought, and to solicit comments and information necessary to evaluate the probable impact of the activities upon the respective water resources. The decision whether to issue or deny will in part be based upon that evaluation. All factors that may be relevant to the proposals will be considered.

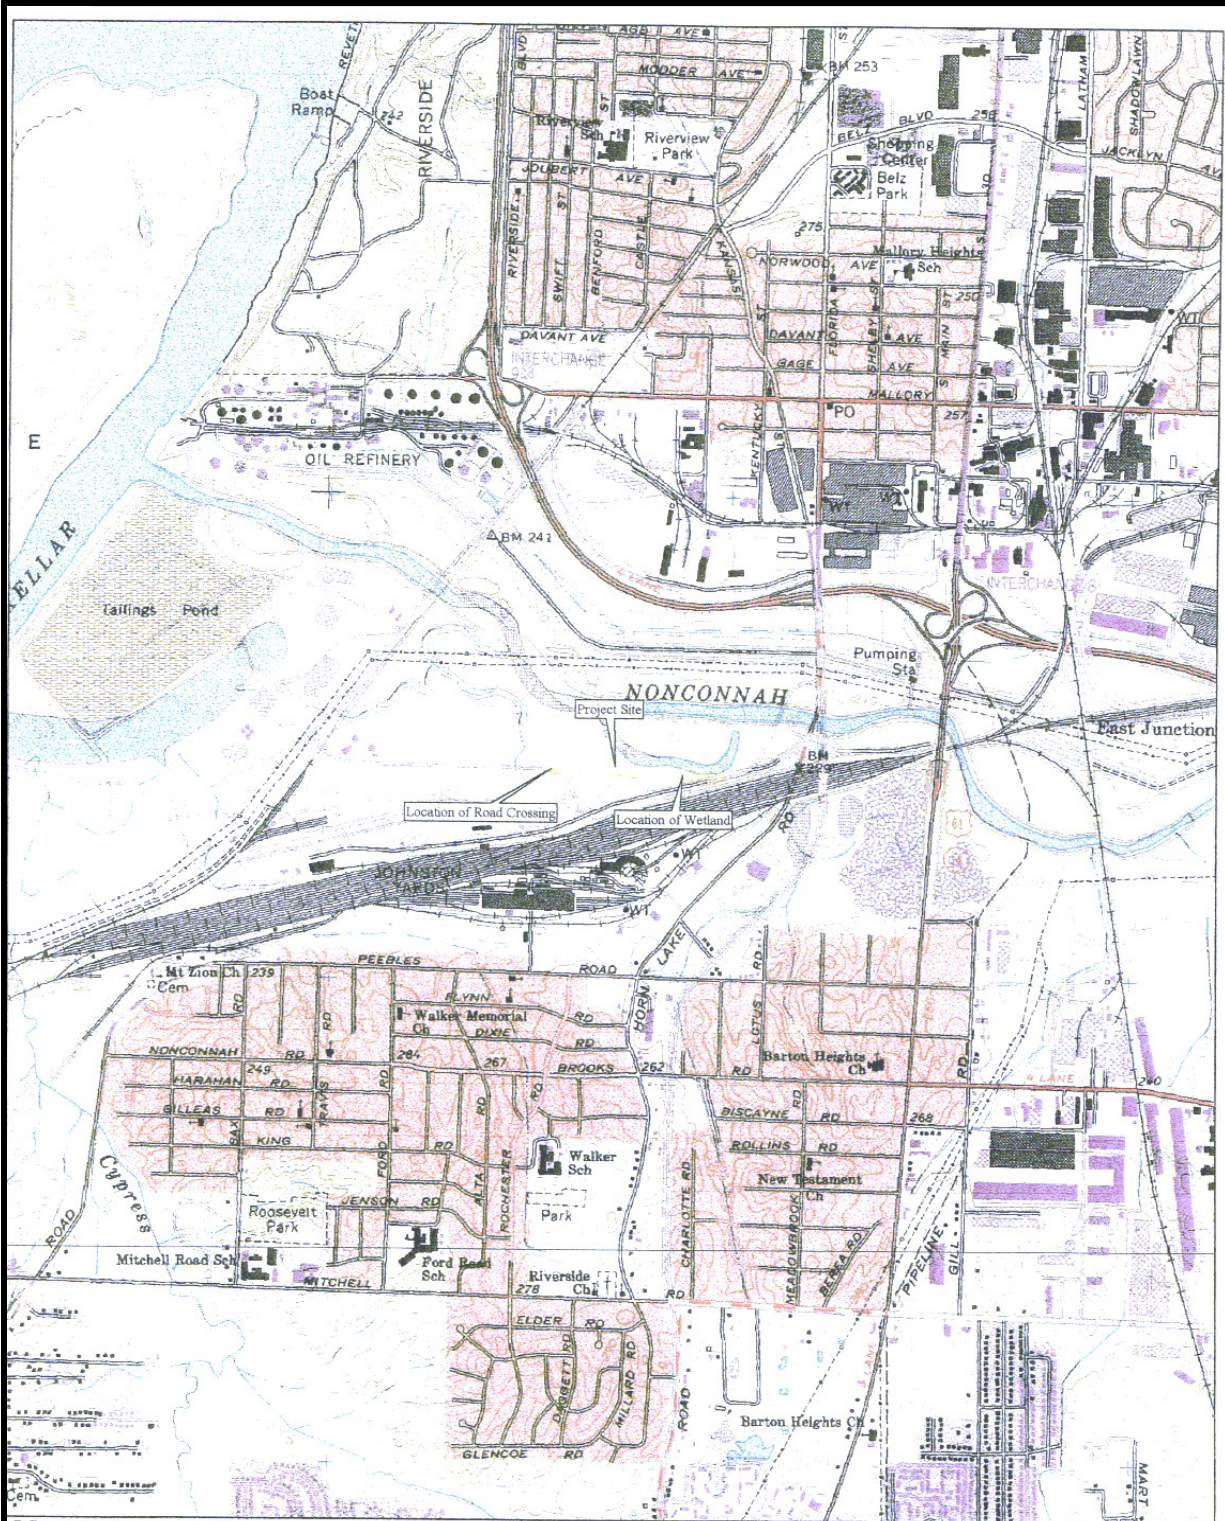

Persons wishing to comment on or object to the issuance of a proposed permit are invited to submit comments in writing to the Department of Environment and Conservation Division of Water Pollution Control at the address listed above. Written statements received in this office on or before the date of expiration of the comment period thirty days from the publication date of this notice will become part of the record and will be considered in the determination. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the director of the Division hold a public hearing on any application. The request must be filed within the comment period and must indicate the interest of the person requesting it, and the reasons that the hearing is warranted.

When there is sufficient public interest, the director shall hold a hearing in accordance with Rule 1200-4-7-.04(4)(f).

After consideration of comments submitted during the public comment period, the hearing record if any, and the requirements of federal and State law, the director of the Division will make determinations regarding the final action on each permit. Permit applications, supporting documentation, and related comments are available for review and/or copying.

**In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.**
